

Freezing Keller's Delicious Fudge

You do not have to wait until next fall to enjoy Keller's delicious fudge varieties! Just freeze the fudge to enjoy when you have cravings!

Freezing:

- If you can, keep them in the original plastic shell packaging.
- Place them in an airtight freezer bag.

Thawing:

- Remove the fudge from the freezer bag and plastic packaging.
- For best results, let it thaw slowly in the refrigerator – up to four hours.
(Thawing at room temperature can result in uneven thawing, with some parts becoming too soft.)
